

RITE NOW @ ROP

Sports is an important part of high school life and Southwest Leadership Academy in Phoenix offers a myriad of interscholastic options including football, basketball, volleyball, wrestling, track and field, softball and baseball, cheerleading and soccer. Even during the COVID-19 pandemic by following all of the mitigation protocols, SLA students safely participated in these programs.

At this year's sports banquet, the SLA basketball team was honored for their success and Nicolas Moreno, SLA's 5'9" point guard, was recognized for being Arizona's highest scorer for the past two years, a total of 1,394 points. Nick is planning to attend college this fall after graduating from SLA in May. Myles Jackson, the SLA basketball coach said, "In my 20+ years of coaching I have never coached a player with the drive that Nick had. It has been my honor to coach Nick". SLA has retired Nick's #11 uniform and has framed his jersey, along with his diploma, and picture which is being displayed at the school.
